Describe your background related to any required or desirable qualification listed in the Notice. Include applicable experience with civic, professional or volunteer organizations and other city boards or commissions. List any awards or special recognition.

I am trained as an attorney and am currently pursuing LEED-ND certification. I focused my law school coursework on land use and environmental law. I currently work to create sustainable and healthy communities – my work at Blue Cross addresses the intersection of land use, walking, biking, and transit through a health lens. I am working on healthy land-use and development issues in the Prospect Park neighborhood and am volunteering my time to work on transportation and land use issues near the Hennepin-Lyndale bottleneck. I have led planning workshops locally and nationally in venues such as the MN American Planning Association conference and the Pro-Walk Pro-Bike Pro-Place conference.

Prior to law school and moving back to Minnesota I worked for New York City government – I worked on large development projects and rezonings, as well as adaptive reuse of historical structures and neighborhoods and issues related to individual developments in our district, from a policy and community perspective (I worked for a city council member).
