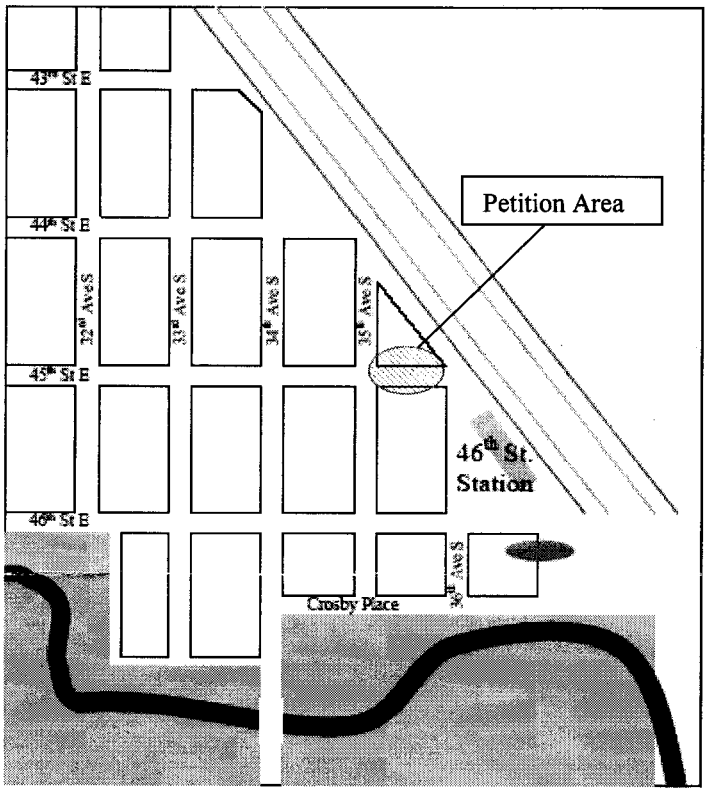
Re: Critical Parking Petition

We reviewed the 3 signatures and addresses on the application for Critical Parking designation for the 3500 block east of 45th Street.

We found 3 residences on the block and verified signatures of 3 owners. 100% consented to the establishment of the critical parking area.

Critical Parking Petition for 3500 Block of East 45th Street



I have read and understand the information, which has been distributed to me, concerning the establishment and operation of a critical Parking area.

I understand that if this critical parking are is established, residents will be required to have permits to park on the restricted streets during the hours the restrictions are in place.

I also understand that each permit costs $35 for the first year, $25 annually thereafter. Temporary, visitor, and service vehicle permits are also available for purchase.

I consent to the following restrictions on:

- **3500 Block of East 45th Street**

No Parking Except By Permit
10 a.m. to 12 p.m. & 7 p.m. to 9 p.m.
Monday through Sunday

Note: One resident/owner per residence constitutes consent. 75% of all residents within the proposed critical parking area must consent to the establishment of the critical parking area. All persons signing this petition must be residents or owners of property within the critical parking area and shall reside in/own separate dwelling units.
