Background/Supporting Information

Seven polling places needed to be changed for 2010, with one or more new polling places in Wards 1, 5, 7, and 9. Changes are reflected in the attached polling place list. The attachment also includes a list of polling places where physical location has not changed, but where building names or building addresses have changed.

One polling place – Ward 7 Precinct 7 – is listed as "open." We will continue to work to find a suitable building in that precinct. If a polling place is not found by April 30, the City Clerks Office will return to the Council at a later date when a suitable site is found.
