North Minneapolis to celebrate revitalization of the 5 Points Building, formerly known as the Delisi's Building

Groundbreaking Set for October 22

WHAT: **Please join Catalyst Community Partners, Sunrise Banks, KMOJ-FM, and the City of Minneapolis as we kick off the revitalization of the historic Delisi's building at Penn Avenue North and West Broadway. Shuttered and abandoned since 1999, the "5 Points" redevelopment will include an office space for KMOJ-FM and other commercial uses.**

The building is being reoriented so the entry faces the Penn/Broadway corner. The building will open up to a public plaza which will include outdoor seating, new transit shelters, and public art.

Catalyst Community Partners, a non-for profit organization focused on revitalizing key commercial corridors, purchased the building from the City of Minneapolis and is retrofitting the building and renaming it "5 Points." A grand opening is set for spring 2010.

WHO: **Kelvin Quarles, General Manager, KMOJ; Sunrise Community Bank CEO, David Reiling; Sarita Turner, West Broadway Business and Area Coalition; Sherri Pugh, Northside Resident Redevelopment Council;**

Mayor R.T. Rybak, City Council Member Don Samuels; City Council President Barbara Johnson; County Commissioner Mark Stenglein

WHEN: **Thursday, October 22, 2009**
10:00 a.m.

WHERE: **2119 W. Broadway, Minneapolis**
