## **About Homegrown Minneapolis and the Homegrown Minneapolis Food Council**

Homegrown Minneapolis is a citywide initiative expanding our community's ability to grow, process, distribute, eat and compost more healthy, sustainable, locally grown foods. Homegrown Minneapolis brings together key partners from local government, area businesses, community organizations, non-profits, and residents to build a healthy, local food system.

The Homegrown Minneapolis Food Council envisions a vibrant local food system that enhances the health of all residents, protects the earth, increases economic vitality, expands social connectedness, and improves food security. To continue to advance Homegrown Minneapolis, the Homegrown Minneapolis Food Council works to support all Minneapolis residents and increase access to quality food, address hunger and food insecurity, connect sectors of the food system, influence policy and decision making, and ensure an environmentally sustainable and socially just food system. To accomplish this, the food council:

1. fosters City-community partnerships;
2. convenes and engages diverse stakeholders to identify and propose innovative solutions to improve the local food system;
3. provides ongoing guidance to the City on local food issues; and
4. serves as a platform for collaborative, coordinated action.
