

CHAIR REPORT
Outreach Committee of the
Police Conduct Oversight Commission
September 13, 2016

Adrianna Cerrillo and Laura Westphal

Commissioner Cerrillo and I continue to plan a Peace Forum, tentatively scheduled for October 12 at Sabathani Community Center. The Peace Forum concept we envision will rely heavily on a strong Moderator to control the panel speakers and conversation. I have had no success with getting LEOs to commit to be on a panel. Two have agreed to be in the listening group. There would also be a Listening Group. To pursue this event further, Commissioner Cerrillo and I will make a presentation to the PCOC tonight and give an update regarding a meeting with the Moderator to be held September 12.

We are still forming the Working Group for the Joint Responder project and plan to hold a meeting of the Working Group this month. Learning the Mayor's budget provided funding for this project was terrific news to the people who have worked tirelessly on this concept.

I enjoyed working with former Commissioner Faroozan and will miss his presence and thoughtful commentary regarding the PCOC's work. With this Committee reduced to two, Committee meetings are suspended for the rest of this year.

Respectfully submitted,
Laura Westphal
