Subject: Longfellow in the 2nd ward?

I live at 3213 41st Ave S. I cannot believe you are considering putting the cooper neighborhood into the 2nd ward. Cooper has always been in the 9th or 12th ward and the geography of our city make us much more connected to the other greater longfellow neighborhoods to the south then we are to areas like prospect park and SE Minneapolis.

Please put us back where we belong.
