## Supporting Information

### Project Location & Description:

DeLaSalle High School is a 501(c)3 non-profit educational institution founded in 1900. DeLaSalle currently serves 636 students and expects enrollment to increase to approximately 685 for the 2012-2013 school year. The school is located at One DeLaSalle Drive on Nicollet Island in Minneapolis.

DeLaSalle has approached the City for a third time to issue Bank Qualified Bank Direct Tax-Exempt Revenue Bonds. This issue of \$1,200,000 will be used to finance various building improvements, including the construction of additional classroom space. These internal renovations, with a focus on the science classrooms, will modernize DeLaSalle's interior space and further the school's educational mission.

### Type of Financing:

Industrial Development Bonds (commonly known as IDBs or tax-exempt revenue bonds) have been used by the City of Minneapolis since 1972 to finance the capital needs of many small companies and organizations. Tax-exempt revenue bonds were often not a practical financing option for small organizations due to the high cost of borrowing. In 2002, the City developed a financing program to provide cost-effective tax-exempt financing for small 501(c)(3) nonprofit organizations. The program provides a streamlined application and documentation process, which lowers borrowing costs for non-profits. The City has assisted over 40 small nonprofit organizations in gaining access to capital.

The federal tax code authorizes cities to issue bank qualified debt. Banks are allowed to deduct 80% of their "carrying costs" associated with the purchase of bank qualified, tax exempt bonds. Banks get the dual benefit of tax-exemption and deductibility of carrying costs which translates into lower borrowing costs for the nonprofit organizations. Bank qualified revenue bonds are underwritten and collateralized just like any conventional bank loan, but the interest rate to the borrower is lower due to the tax-exempt status.

The proposed MCDA Revenue Bonds for the DeLaSalle High School Project are to be underwritten and purchased by Northeast Bank. The bonds will be fully amortized over an eight year term with a rate not to exceed 4.50%

**Present Employment:** DeLaSalle currently has 69 full-time employees and 77 part-time/seasonal employees.

**New Employment:** DeLaSalle has budgeted an additional 4 full-time positions and 10 part-time/seasonal positions for the 2012-2013 school year. Total anticipated employment for 2012-2013 is 160 (73 FT and 87 PT/Seasonal).

**Assessor's Estimate Annual Tax Increase:** Tax-exempt facility.

**Affirmative Action Compliance:** DeLaSalle currently has an affirmative action plan on file with the City.
