Financial Impact *(delete all lines not applicable to your request)*

- The total cost of the study was \$147,500

Supporting Information

The City of Minneapolis engaged Emergency Services Consulting International (ESCI) to conduct a comprehensive evaluation of the Minneapolis Fire Department to determine how the department compares against similar departments serving similar populations, and to provide recommendations to address short-, mid- and long-range strategies to increase efficiency, improve effectiveness and prepare for future challenges. The overall project consisted of three phases including: Stakeholder Input, Evaluation of Current Conditions, and Future Delivery System Models.
