Background/Supporting Information:

The City intends to upgrade its PeopleSoft HRIS/Time and Labor system in 2013 and the PeopleSoft Compass financial system in 2014. Oracle/PeopleSoft Open World provides an opportunity to network with other public sector users and to attend comprehensive information sessions on the new functionality within PeopleSoft along with obtaining information to upgrade the process itself. Two people will use these fee waivers to attend. Rich Martonik from Human Resources and Connie Griffith from Finance and Property Services.
