Supporting Information

Project Location & Description:

NE Lutheran Ministry Center (NELMC), which is in the process of changing its name to Grace Center for Community Life, is a 501(c)(3) organization that owns the once vacant 52,000 square-foot Holland School building at 1500 6th Street Northeast in the Sheridan Neighborhood. The building was purchased by NELMC from the Minneapolis School Board in 2010 and is now home to multiple organizations including two charter schools, a child care center and four churches. The building also provides space for various social service programs including a food shelf, summer camps for youth, the Minneapolis Park Board basketball program and others.

NELMC has approached the City to issue Bank Qualified Bank Direct Tax-Exempt Revenue Bonds for the Grace Center for Community Life Project. This issue of \$1,800,000 will be used to refinance existing debt associated with the acquisition and previous renovation of 1500 6th Street NE as well as the financing of additional improvements which will include energy-saving HVAC improvements, landscaping and water runoff controls and upgrades to the kitchen space. Proceeds of the proposed bond issue will not be used to improve the various church spaces in the building.

Type of Financing:

Industrial Development Bonds (commonly known as IDBs or tax-exempt revenue bonds) have been used by the City of Minneapolis since 1972 to finance the capital needs of many small companies and organizations. Tax-exempt revenue bonds were often not a practical financing option for small organizations due to the high cost of borrowing. In 2002, the City developed a financing program to provide cost-effective tax-exempt financing for small 501(c)(3) nonprofit organizations. The program provides a streamlined application and documentation process, which lowers borrowing costs for non-profits. The City has assisted over 40 small nonprofit organizations in gaining access to capital.

The federal tax code authorizes cities to issue bank qualified debt. Banks are allowed to deduct 80% of their "carrying costs" associated with the purchase of bank qualified, tax exempt bonds. Banks get the dual benefit of tax-exemption and deductibility of carrying costs which translates into lower borrowing costs for the nonprofit organizations. Bank qualified revenue bonds are

underwritten and collateralized just like any conventional bank loan, but the interest rate to the borrower is lower due to the tax-exempt status.

Present Employment: The various entities housed at the Grace Center for Community Life currently employ 65 full-time individuals.

New Employment: All current employment will be retained. The renovation portion of the financing will support well-paying construction jobs during the construction period.

Assessor's Estimate Annual Tax Increase: Tax-exempt facility.

Affirmative Action Compliance: The Grace Center for Community Life will work with City staff to submit an affirmative action plan.

CITY IRB POLICIES:

Job Component	Minimum standard of one (1) job per 1,000 square feet of building area. Grace Center: In compliance.
Property Improvements	No more than 25% of the bond proceeds may be used for land and acquisition. If purchasing an existing building, an amount equal to at least 15% of the acquisition cost must be spent on rehabilitation expenditures. Grace Center: In compliance.
Development Standards	Compliance with the Land Use Plan of the City's Comprehensive Plan. Grace Center: In compliance.
Equipment Financing	Limited to companies that create or preserve a significant number of jobs, and the equipment financed must be sufficiently secured. No more than 10% of the bond proceeds may be used to finance movable equipment not constituting a fixture. Grace Center: N.A.
Restaurant/Bank	IRB financing is allowed for a restaurant or a bank if it is built or rehabilitated in a CPED Redevelopment Area. No more than 25% of the bond proceeds can be used to finance retail food and beverage establishments, automobile dealerships or recreation or entertainment facilities. Grace Center: N.A.

Tax-exempt Institution

Refinancing is permitted when new jobs are created or when a significant number of jobs are preserved; any interest cost savings must directly reduce patient costs.

Grace Center: In compliance. All jobs will be preserved.

IRB CAP:

The project is not subject to the volume cap, in that the project is exempt from income tax under Internal Revenue Code Section 501(c)(3) for its exempt purposes and is classified thereunder as a non-profit organization.
