## **Supporting Information**

On April 12, 2013, the City Council designated the locations, streets and improvements proposed to be made to Lyndale Av S and 58th St W. The cost estimate for this project is \$400,000 and is financed by net debt bonds and special assessments.

The location of the Lyndale Av S street resurfacing project is from approximately 337 feet south of 56th St W (at Merge with TH 121) to approximately 210 feet south of 61st St W. Lyndale Av S from south of 61st St W to 58th St W is MSA Route No 277. The remainder of Lyndale Av S in this project is local city street. Lyndale Av S was last paved in 1964.

The 58th St W resurfacing project is from TH 121 to Lyndale Av S, is a local city street and was last paved in 1954.

The street resurfacing would be a mill and overlay of the street surface with plant mix asphalt and other paving related improvements as needed. This paving project is scheduled to begin in early August, 2013 and will be constructed by the City's workforce.

The street resurfacing special assessments were determined by applying the 2013 Uniform Assessment Rates to the land area of benefited parcels located within the street influence zone along the improved streets. The approved 2013 resurfacing assessment rates are as follows:

\$0.60 /sq. ft. – Non-Residential

\$0.20/sq ft – Residential

The proposed total assessment amount is \$239,284.58 for the Lyndale Av S and 58th St W project. Individual assessments of more than \$150 would be collected over 5 years beginning on the 2014 real estate tax statements with interest charged at the same rate as the City pays in interest for selling assessment bonds. Assessments of \$150 or less would be collected in their entirety on the 2014 real estate tax statements with interest charged at the same rate as the City pays in interest for selling assessment bonds. Information has been provided in the Notices as to how persons may prepay the special assessments in full without interest if they so choose.

City Council has passed resolutions whereby a deferment of special assessments may be obtained by showing hardship for any homestead property owned by a person 65 years of age or older or retired by virtue of a permanent and total disability.
