## **Fulton Neighborhood Association**

### **Position Statement on Draft Ordinance Chapter 590: Moratorium on the Demolition, New Construction or Establishment of Single and Two- Family Residential Dwellings**

*Approved 3/12/2014*

Fulton  
Neighborhood  
Association

At Pershing Park  
3523 West 48th Street  
Minneapolis, MN 55410

612.922.3106

We have a great neighborhood, and we are lucky to be living in such a desirable location. We fully agree with the sentiments that are behind the issues raised with residential construction. Respect for neighbors during the construction process is a must.

However, there is a subset of contractors that have made it difficult for those living next door to a construction site. The City of Minneapolis needs to look at how to better enforce our existing ordinances. In addition, there are areas of code that could be improved.

One issue we are concerned with is the lack of fairness with the moratorium. Many who do respect the code will be negatively affected by the moratorium. This includes single family homeowners, builders, and contractors. The sudden imposition of the moratorium has serious consequences. There are many contractual obligations already in place that will result in undue financial burden on businesses and homeowners. And we could lose valuable neighbors who leave the area because of the moratorium.

We agree that something has to be done. How can we help to get this resolved quickly and fairly?

We fully support your intentions and want to engage with you in improving the building process and the resulting homes. We would like to see this done without a moratorium.

## **Lynnhurst Neighborhood Association**

Lynnhurst Neighborhood Association fully supports Council Member Palmisano's intentions and wants to engage with her in improving the building process and the resulting homes. We do not support a moratorium.
