Describe your background related to any required or desirable qualification listed in the Notice. Include applicable experience with civil, professional or volunteer organizations and other city boards or commissions. List any awards or special recognitions.	Though I am a full-time mother, I work part time as a consultant for nonprofit organizations on branding and messaging. I have also worked extensively in media reform and media justice, helping with the National Media Reform Conference in Minneapolis and also leading an action to get St. Paul to drop charges against the staff of Democracy Now during the RNC in 2008. I have served on KFAI's marketing committee and helped during their rebranding effort. I have been certified on MTN's equipment and am a host for six months of the year of a program at White Bear Lake cable access concerning media analysis and current events. I believe in the power of independent media to give voice to the concerns of a wide spectrum of people and I believe it is essential to democracy. MTN offers a valuable resource to our community and I'd like to help it thrive and grow.
