Subject: Fridley Filter Plant Split Project Concrete Repair Unit Price Adjustment.

Dear Mr. Rezania and Mr. Sluiter:

CH2M HILL has reviewed the recent correspondence between Municipal Builders and Water Treatment and Distribution Services regarding the request for an adjustment in the unit prices for concrete repair work due to the material and significant decrease in the unit price work performed compared to what was bid. Pursuant to general condition 12.01, we recommend that a change order be issued to increase the unit price for concrete repair work performed by the agreed upon amount of \$73.93 per square foot for a total increase of \$85,805.24

Sincerely,

CH2M HILL
