Subject: RE: BID Tabulations: OP 8076 Steel Pipe and Fittings

Hi Tiffany

I would like to accept the sole bid of Northwest Pipe Company \$64,594 (Alternate 1). The purchase will be out of Water Capital funds, which are sufficient to cover the work.

We have not identified a large number of companies that produce steel pipe of this size and meeting the AWWA and other standard specifications to this point. Historically, I would expect we usually have not received more than two, perhaps three bids for large diameter steel pipe in the past few decades. While it is difficult to compare pipe and fittings between different projects that have different diameters, thicknesses, and fabrication details, it does appear that the pricing for this project is reasonably in line with expectations.

Please let me know if you have questions or if you require additional information.
