Subject:

Amendment to contract with Zahl Petroleum Maintenance

Description:

Authorizing proper City officials to amend contract C-38763 with Zahl Petroleum Maintenance from \$49,298.00 by \$18,050.00 for a total amount of \$67,348.00. The amount is within the project budget.

Previous Actions:

September 19, 2014 - The City Council authorized the acceptance of the low bid (OP 7989) by Zahl Petroleum Maintenance.

Ward/Neighborhood/Address:

Not Applicable
Select a neighborhood.

Background/Analysis:

The Public Works Water Distribution and Treatment Services Division (WD&TS) contracted with Zahl Petroleum Maintenance to decommission fuel tanks that were installed in the 1940s. Part of the scope of services for this work was the removal of the existing fuel in the tanks that staff anticipated not using. Since WD&TS consumed the fuel, the contractor was not able to resell the fuel to offset some of their anticipated project cost and is entitled to a credit of about \$15,594.25.

In addition, during the tank decommissioning, some abandon electric conduits were exposed during the tank decommissioning that was not included in the original contract. This work costs and additional \$2,451.89.

Financial Review:

No additional appropriation required, amount included in current budget.

- Future budget impact anticipated.**
- Approved by the Permanent Review Committee.**
- Meets Small and Underutilized Business Program goals.**
