The lot size is 39' x 128' = approximately 5,044 total square feet.

**COMMENTS:**

On December 14, 2014, the City acquired this single family home under the Neighborhood Stabilization Program - Land Banking activity. All land sale proceeds, equal to the fair market value, will be returned to the NSP Program to cover ongoing program cost.

The City is selling this property in its as-is condition. This property was publicly advertised on the City of Minneapolis website and through e-mail notification to a list of over 200 developers and homebuyers. Two informational meetings were held to inform potential developers and homebuyers about the City's disposition process and the information was posted on the City's website. An open house was held to allow potential purchasers to inspect the property and a two-week application period was provided after the open house. Wilson Molina was the only proposal received for this property.

Wilson Molina was reviewed for ownership history in the City of Minneapolis. He owns two registered vacant buildings in Minneapolis that were purchased through the Vacant Housing Recycling Program in May and June of 2015. The buildings are currently being rehabilitated, with projected completion dates of October and November 2015. Remaining properties owned by the applicant do not have excessive code violations.

Notification was provided to the Folwell neighborhood.
