

City of Minneapolis
Request for Committee Action

To: Transportation & Public Works
Date: 12/1/2015
Referral: Ways & Means
From: Public Works Department
Prepared by: Tracy Lindgren, P.E., Transportation, Maintenance and Repair
Presented by: Michael D. Kennedy, Director, Transportation, Maintenance and Repair
File type: Action
Subcategory: Contracts & Agreements

Subject:

11th Ave South Bridge: Contract Amendment

Description:

Authorizing an amendment to contract C-39504 with PCI Roads, LLC, for an additional \$2,778.88 from an authorized amount of \$94,918.35 to a revised amount of \$97,697.23 to complete construction on the 11th Avenue South Bridge.

Previous Actions:

April 3, 2015 – Resolution 2015R-153 passed approving Official Publication 8075 and entering into a contract to complete the construction of the 11th Avenue South Bridge for the City of Minneapolis Public Works Department

Ward/Address:

Ward 3
11th Avenue South Bridge over 3rd and 4th Streets South

Background/Analysis:

In April 2015, the City entered into a contract for the 11th Avenue bridge with PCI Roads. The project includes a bridge deck mill and low slump overlay. This amendment is for work to address the pavement transition between the concrete approach and the adjacent bituminous pavement. The south end of the bridge required additional milling of the adjacent bituminous pavement. The revised amount will pay for this additional work.

The project funds are available in 04100-9010938-CBR150111TH.

Financial Review:

No additional appropriation required, amount included in current budget.
