St. Paul, Minnesota 55101

**Re: LIGHT EMITTING DIODE (LED) STREET LIGHTING RATE
REQUEST FOR EXTENSION OF COMMENT PERIOD
DOCKET NUMBER: E002/M-15-920**

Dear Mr. Wolf:

The City of Minneapolis requests a 30 day extension of the comment period, for the above referenced matter, extending the comment period to December 15, 2015. An extension of the comment period will allow staff to more thoroughly review the proposal, make recommendations to the City Council and seek official action from the full Minneapolis City Council in regard to this docket. Under the City charter, the City Council typically takes official positions through its full City Council. The full City Council meets every two or three weeks with City Council subject matter committees meeting between full Council meetings. An additional 30 days will assist the City in working through the City Council process.

Thank you for your consideration of our request. Should you have any questions, please contact Jon Wertjes at (612) 673-2614 or Brendon Slotterback at (612) 673-2349.

Sincerely,

Steven A. Kotke, P.E.
City Engineer
Director of Public Works
