- (2) The impact of the proposed use on the parking and roadway facilities in the surrounding area.
- (3) Whether the proposed use is located near a parking area that is available to the customers, occupants, employees and guests of the proposed use.
- (4) The availability of alternative forms of transportation and actions being taken by the applicant to enhance or promote those alternatives.

Amending Title 20, Chapter 548 of the Minneapolis Code of Ordinances relating to Zoning Code: Commercial Districts.

The City Council of the City of Minneapolis do ordain as follows:

Section 1. That Section 548.30 of the above-entitled ordinance be amended to read as follows:

548.30. Principal uses for the commercial districts.

(a) *In general.* Table 548-1, Principal Uses in the Commercial Districts, lists all permitted and conditional uses in the commercial districts.

(b) *Permitted uses.* Uses specified with a "P" are permitted as of right in the district or districts where designated, provided that the use complies with all other applicable provisions of this ordinance. Persons wishing to establish a permitted use shall obtain a zoning certificate for such use as specified in Chapter 525, Administration and Enforcement.

(c) *Conditional uses.* Uses specified with a "C" are allowed as a conditional use in the district or districts where designated, provided that the use complies with all other applicable provisions of this ordinance. Persons wishing to establish or expand a conditional use shall obtain a conditional use permit for such use, as specified in Chapter 525, Administration and Enforcement.

(d) *Prohibited uses.* Any use not listed as either "P" (permitted) or "C" (conditional) in a particular district or any use not determined by the zoning administrator to be substantially similar to a use listed as permitted or conditional shall be prohibited in that district.

(e) *Specific development standards.* Permitted and conditional uses specified with an "✓" under the Specific Development Standards column shall be subject to the specific development standards of Chapter 536, Specific Development Standards.

(f) *General use categories.* Table 548-1 employs general use categories for some types of uses. A particular use may be determined to be within a general use category if not listed specifically elsewhere in Table 548-1 and if not determined to be within another general use category. Determination of whether a particular use is included within a general use category shall be made by the zoning administrator in the manner provided for in Chapter 525, Administration and Enforcement, governing determination of substantially similar uses.

Limited production and processing is allowed as a principal use, and may include wholesale and off-premise sales, notwithstanding the restrictions of this chapter, provided the use shall not exceed one thousand two hundred (1,200) square feet of gross floor area, and the main entrance shall open to a retail or office component equal to not less than fifteen (15) percent of the floor area of the use, except in the C4 District where such district standards shall apply.
