

Request for Committee Action

To: Ways & Means
Date: 3/28/2016
From: Information Technology
Prepared by: Mary Meyer
Presented by: Otto Doll, Chief Information Officer
File type: Action
Subcategory: Contracts & Agreements

Subject:

Non-Disclosure Agreement for Senturus, Inc. for beta site testing

Description:

Authorizing a Non-Disclosure Agreement for Senturus Inc. for Enterprise Business Intelligence Connector beta site testing.

Previous Actions:

None

Ward/Neighborhood/Address:

Not Applicable

Background/Analysis:

The City of Minneapolis has a need for a signed Non-Disclosure Agreement (NDA) from a third party vendor, Senturus, to set up the connector that will give the Tableau Business Intelligence (BI) software direct access to our existing IBM Cognos BI software. The signed NDA allows the City to utilize Senturus's proprietary software for beta testing.

The context for the signed NDA is specifically related to the requirements of setting up and testing the Senturus Enterprise BI Connector for the Beta testing. Senturus has proprietary software currently in beta testing that the City of Minneapolis would like to test the communication between the two BI software applications.

Information Technology requests:

- a. Approval of the NDA with Senturus for Enterprise BI Connector Beta site testing

Financial Review:

No additional appropriation required, amount included in current budget.
