Ka Joog is a leading Somali nonprofit organization that is tailored towards enriching the lives of the Somali-American youth by utilizing the positive elements of education, mentorships, employment and the arts. The Mission of Ka Joog is to motivate youth to obtain higher education, while promoting and building community ties by providing beneficial events throughout the Twin Cities Metro and surrounding suburbs.

The year 2014, we played an active role in advocating for a sister city relationship between Minneapolis and Bosaso, with the hope that the relationship will act a springboard and a catalyst for new investment and knowledge sharing opportunities between the people of the two cities, while also promoting tourism, education and providing a platform from which Minneapolis can address global issues with its international partners.

We are writing this letter to express our commitment for storage and the shipping of the proposed equipment to Bosaso. We will work with the Somali community in Minneapolis and the Bosaso municipal government to raise funds that would go towards the shipment of the proposed equipment.

Sincerely,

Mohamed Farah
