RE: Gyst Fermentation Bar Sidewalk Café License Request

Where as:

We desire our neighborhood to be a vibrant and welcoming place that is filled life and opportunities for community interaction

Where as:

We have witnessed first hand, since their inception, that Gyst Fermentation Bar is a properly managed, clean, well serving and contributing member of our neighborhood

Where as:

East 26th Street is experiencing a growth and increase in unique neighborhood based local businesses and food enterprises that deserve ever-improving opportunities for success . . .

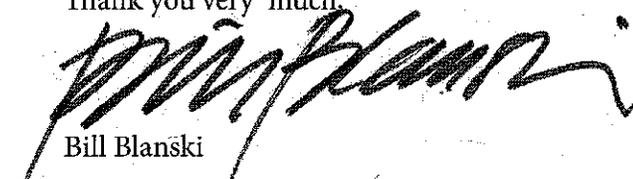

Where as:

The team that owns and operates Gyst Fermentation Bar has brought a level of excellence and cuisine to the Whittier Neighborhood that is unmatched in quality and interest

Therefore:

We the owners and occupants of the first neighboring building to their East do hereby AFFIRM and confirm our APPROVAL for Gyst Fermentation Bar to gain their request to allow a Sidewalk Café dining atmosphere along their sidewalks on either 1st Ave or East 26th Street. We strongly believe that this very sort of life and community on the sidewalks makes for a safer, slower, friendlier and more vibrant neighborhood.

Thank you very much.
