The property was constructed in 1900 and is a 2,808 square foot, three-bedroom, one-bath single family home that will be rehabilitated to meet the Vacant Housing Recycling Program's (VHRP) rehabilitation standards.

The lot size is 40' x 157' = approximately 6,280 total square feet.

Purchaser proposes to rehabilitate 3822 Lyndale Ave. N. as a three-bedroom, two-bath single family home and sell it for homeownership.

LAND DISPOSITION POLICY:

The sale of this property is in compliance with the City's Disposition Policy. The sales price of this property reflects the full re-use value.

FINANCING:

Purchaser: Cash, documented with bank statement dated within 30 days of application.

COMMENTS:

On November 20, 2015, the City acquired this single family home from the State of Minnesota as tax-forfeited land for \$1.00 through a negotiated discount with Hennepin County.

This property was publicly advertised on the City's website and through e-mail notification to a list of over 750 developers and homebuyers. The City is selling this property in its as-is condition. An informational meeting was held in December 2015 to inform potential developers and homebuyers about the City's disposition process and VHRP program information is posted on the City's website. An open house was held to allow potential purchasers to inspect the property and a two-week application period was provided after the open house.

There were three offers received for the property. The offers were evaluated based on program criteria stated in the VHRP manual, including: financial capacity, experience, responsibility, scope of work, subsidy request (if any), and occupancy intentions. To evaluate responsibility, we consulted with Department of Regulatory Services staff to verify the status of vacant buildings, rental properties, or other properties owned by the applicant in the City of Minneapolis.

Staff recommends A.Vision LLC as the Purchaser. A.Vision LLC intends to invest \$76,100 to rehabilitate the property. Construction management staff has reviewed the scope of work and construction estimate and confirmed it is sufficient to meet VHRP rehabilitation standards.

The other two applicants were DBH Homes, LLC and Peter Mutua. DBH Homes LLC withdrew their application during the staff review process. Peter Mutua is not recommended by staff for the following reasons: extent of rehab was less significant than recommended purchaser, developer had less experience, intention for occupancy was rental when there is a competing offer for homeownership.

Notification was provided to the Camden neighborhood.
