Andrew Carlson, Project Manager-Special Service Districts
City of Minneapolis, Department of Public Works
1901 East 26th Street
Minneapolis, MN 55404

Dear Mr. Carlson,

In regards to the Field, Regina, Northrop Neighborhood Group's (FRNNG) intention to apply for and install plantings along 2nd Avenue South at 46th and 50th Streets South intersections on lands abutting the East side of 35W South sound barrier walls, this grant request is in keeping with the MnDOT Community Roadside Landscaping Partnership Program.

Please be advised that the Field, Regina, Northrop Neighborhood Group will assume full responsibility for the preparation, inspection, installation and maintenance for the landscape project. This agreement will be in place for a period of two years from the date the agreement is executed.

The City is only acting as the sponsoring unit of government. Any obligations required in order to participate in the program must be assumed by FRNNG. Thank you for your cooperation and support in this project.

Sincerely,

Willie Bridges
President

Field, Regina, Northrop Neighborhood Group (FRNNG)
