Aaron,

I cannot make the meeting on the 28th, but would like to express concern.

Where will the portable classrooms be located? Will they be located in a way that will remove available parking for Grace Center?

I live at 1526 5th st NE. The reason for my questions and concern are related to the already congested street parking on my street due to the activity at Grace center. What once was a quiet street with plenty of parking, is now cluttered with people with no regard for our neighbors. Many days, during the school term there is no available parking on 5th st due to the activities of the fore mentioned. If the portable classrooms are to further this situation, I am going to have to object to the proposal.

Thank you
