

# City of Minneapolis City Council

---

## 2016 Session Statistics: Third Quarter [July – September]

*Session Statistics*, produced by the Office of City Clerk, details the work of the Minneapolis City Council and serves as a reference guide for the introduction, referral, and final action on various matters during the defined reporting period.

The Council operates with a standing committee system, with each committee exercising primary oversight of a specific area of municipal policy as well as those departments and divisions within its purview. Standing committees meet during a two-week period known as a Council cycle, which culminates in a meeting of the full City Council to take final action on recommendations from its committees.
