SCHOOLS OF GRADUATE AND PROFESSIONAL PROGRAMS

SAINT MARY'S UNIVERSITY OF MINNESOTA prepares you for those defining moments—the ones that challenge your perspective or change your course. You may choose us initially because we're flexible, affordable, and respected. But once you start attending, you will discover benefits that go beyond convenience. Instead of a transaction, you'll experience a transformation.

At Saint Mary's, we offer an education that empowers. This is your opportunity to study within a community that understands you, and be mentored by professors who know how to match your potential with the world's demands.

Whether your last course was 10 months or 10 years ago, we'll recognize your achievements and look for the best opportunities to build on them. We'll be there as the goals you initially set are met, and we'll help you work toward ones you never even imagined.
