RE: Rezoning of 2428 Delaware Street SE
Minneapolis

Dear Jennifer:

I appreciated the information you shared with me last week regarding the study along University Avenue Southeast and the anticipated changes in zoning to my property. Given the high visibility of the site, possible highest and best uses for redevelopment that you and I discussed included student housing or a hotel. Anticipating these two possible uses, I would like my property to be rezoned to C3A as part of the area wide changes. Please call me to discuss the process for implementing this change. Thank you.

Sincerely:

Joe Sullivan
