**Background/Supporting Information Attached:**

On the morning of July 15, 2006, the property located at 2134 6<sup>th</sup> Street sustained substantial damage due to a fire. The entire second floor of the structure, including all major supporting elements of the roof, interior walls and windows were severely damaged. There has been no repair efforts made and the property is open. Due to the condition of the roof and second floor, the property will continue to deteriorate rapidly due to freezing temperatures and exposure to the elements.

2134 6<sup>th</sup> St North is located in the Hawthorne Neighborhood.

The owner listed as the Rental Licensing contact is CALLIE E WALKER of 10770 CAVELL ROAD , BLOOMINGTON, MN 55438. The County Records indicate that Ms. Walker's address is 2134 – 6<sup>th</sup> Street North.

The 249 ordinance requires that a property be boarded for a period of 60 days before it can be declared a nuisance and subject to abatement actions. However, 249.30 section (b) states that if the Director of Inspections and the Fire Marshall determine that the property constitutes an immediate hazard and the City Council concurs, the 60 day waiting period may be waived and staff can proceed immediately to the other procedures in the ordinance, specifically, sending a Director's Order to demolish.

Staff believes that this situation constitutes an immediate hazard to the public health and safety and requests approval for a waiver of the 60 day waiting period for the property located at 2143 – 6<sup>th</sup> Street N.

The waiver does not preclude notification to all owners of the order to demolish, or deny the owners a right to appeal the Director's Order; it simply expedites the process by 60 days.
