

**Request for City Council Committee Action
From the Department of Health & Family Support**

Date: July 6, 2009

To: HEALTH, ENERGY AND ENVIRONMENT COMMITTEE
Referral to: WAYS & MEANS/BUDGET COMMITTEE

Subject: ACCEPT REVENUE FROM THE MINNESOTA DEPARTMENT OF HEALTH FOR STATE HEALTH IMPROVEMENT PROGRAM (SHIP) MULTI-GRANTEE INTERVENTION GRANT

Recommendation:

Council authorization for the proper City officials to:

1. accept revenue from the Minnesota Department of Health under Master Grant Agreement #26078 for \$222,000 in State Fiscal Year 2010 and \$291,000 in State Fiscal Year 2011 for the prevention of obesity and tobacco use through policy, systems and environmental change interventions in the community, worksites, healthcare and school settings. MDHFS will serve as the fiscal agent and coordinator for this grant which will be implemented in collaboration with Hennepin County Human Services and Public Health Department and the Bloomington Health Department.
2. increase both the revenue budget in fund/department 01600-8600130 (revenue code 321500) and the 2009 appropriation in fund/department 01600-8600130 by \$513,000.

Presenters in Committee: Patty Bowler, Director, Policy and Community Programs

Financial Impact (Check those that apply)

X Action requires an appropriation increase to the ____ Capital Budget or X Operating Budget.

X Action provides increased revenue for appropriation increase.

Background/Supporting Information:

The Department is requesting to accept a total of \$513,000 in State Health Improvement Program (SHIP) grant funding for a multi-grantee project in partnership with Hennepin County and the City of Bloomington. The prototype for SHIP is the 5 year MDHFS Steps to a Healthier Minneapolis grant also funded by the Minnesota Department of Health with federal Centers for Disease Control funds. The Steps grant ends with the commencement of SHIP. SHIP funds will be used to implement the following

intervention: support implementation of Institute for Clinical Systems Integration Guidelines for “Prevention and Management of Obesity” and “Primary Prevention of Chronic Disease Risk Factors” by health care providers for adults and children. Specifically, MDHFS and its partners will work with health plans and clinics to develop a clinic system protocol for identifying and appropriately caring for overweight/obese patients. SHIP funding requires an in-kind match of 10% of the total award, up to \$51,300, that will be provided between the three partners.
