

**Request for City Council Committee Action
From the Department of Public Works**

Date: April 20, 2010
To: Honorable Sandra Colvin Roy, Chair Transportation & Public Works Committee
Subject: **Change Date for Public Hearing for Annual Minneapolis NPDES Stormwater Management Program and Annual Report**

Recommendation:

Set a Public Hearing date for June 8, 2010, in place of previously set date of May 4, 2010, to receive public comments regarding the Annual Report of 2010 Minneapolis Stormwater Management Program and 2009 Activities. This process is a requirement of the City of Minneapolis' National Pollutant Discharge Elimination System (NPDES) and State Disposal System (SDS) Permit # MN0061018.

Previous Directives:

April 6, 2010: The date of May 4 for public hearing was set by T&PW Committee

Prepared by: Lois Eberhart, Water Resources Administrator, Surface Water & Sewers 673-3260
Lisa Cerney, P.E., Director of Surface Water & Sewers 673-3061

Approved by:

Steven A. Kotke, P. E., City Engineer, Director of Public Works

Presenters: Lois Eberhart, Water Resources Administrator, Surface Water & Sewers

Reviews

Permanent Review Committee (PRC):	Not applicable
Civil Rights Affirmative Action Plan	Not applicable
Policy Review Group (PRG):	Not applicable

Financial Impact

No financial impact

Community Impact

Neighborhood Notification: Memo announcing opportunity for the general public to provide comments regarding the draft Annual Report is being sent to all neighborhood organizations, other interested parties (see Attachment).

City Goals: A Safe Place To Call Home -- quality of life; a healthy environment; the city's infrastructure will be well-maintained. Enriched Environment -- plentiful green spaces; lakes, rivers and the soil and air will be clean. A Premier Destination -- the country will see Minneapolis as a national treasure.

Comprehensive Plan: Not Applicable

Zoning Code: Not Applicable

Background/Supporting Information:

History

May 4, 2010 was previously set as the date for the public hearing. A new date of June 8, 2010 has been selected for the public hearing due to scheduling changes by the Minnesota Pollution Control Agency (MPCA). The following information is repeated from the April 6 letter to the T&PW Committee, with updated language and dates.

In 1990, the United States Environmental Protection Agency (EPA) issued regulations that required all stormwater runoff from municipalities with populations greater than 100,000 to be permitted under the National Pollutant Discharge Elimination System (NPDES) Municipal Separate Storm Sewer System (MS4) Program. This program is also called Phase 1 of the Federal stormwater requirements. The Minnesota Pollution Control Agency (MPCA), under a delegation agreement with the EPA, issued the existing NPDES and State Disposal System (SDS) Stormwater Runoff Permit (Permit) to the City of Minneapolis (City) and the Minneapolis Park & Recreation Board (MPRB), as co-permittees, on December 1, 2000. The next NPDES/SDS Stormwater Permit is currently being drafted for issuance later in 2010. The Permit requires the implementation of stormwater management activities that are designed to mitigate the pollution effects of urbanization on stormwater runoff.

Throughout each year, the City and the MPRB develop and modify the stormwater management program with input from a variety of sources. Examples include technology and policy changes, regulatory requirements, collaboration with watershed management organizations, environmental groups and other water quality professionals, lessons learned from our projects, input from the Environmental Coordinating Team (ECT), concerns raised by residents and others, and responses to our website information.

Requirements for Annual Reporting, Public Comment, and Council Action

The Permit requires that the permittees prepare and submit an Annual Report that includes two components: the Permit activities for the previous year, and the stormwater management program for current and future years. This Annual Report must be submitted by June 30 in 2010 and subsequent years. The Permit also requires that opportunities be made for the general public to provide comments regarding the draft Annual Report. The comments must be solicited and received prior to the Annual Report submittal to the MPCA. The cutoff date for comments by the general public regarding this year's draft Annual Report is Noon on Friday, June 18, 2010.

A notice to the parties listed on the Attachment is being sent, indicating that the draft Annual Report will be available for viewing after May 19 on the following City website:

<http://www.ci.minneapolis.mn.us/stormwater/NPDESAnnualReportDocuments.asp#TopOfPage>

A paper copy of the draft Annual Report will also be available for viewing between May 19 and June 18 at either of the following locations:

- Office of the City Clerk, Room 304 City Hall, 350 S. 5th Street, Minneapolis MN 55415 between the hours of 8 AM and 4:30 PM Monday through Friday; or
- Public Works Surface Water & Sewers Division, Room 300 City of Lakes Building, 309 2nd Avenue S., Minneapolis MN 55401 by appointment with Trevis Graham at (612) 673-3636 or Nancy Josie at (612) 673-3609, between the hours of 7:30 AM and 4 PM Monday through Friday.

A summary of the public's input, and the City's response to those comments, are also required to be included in the final Annual Report. The City Council's formal resolution of adoption must also be submitted to the MPCA along with the final Annual Report.
