On June 20, 2008, the City Council designated the location, streets and improvements proposed to be made in the Nicollet Av S and 60th St E neighborhood areas.

The street resurfacing special assessments would be determined by applying the 2008 Uniform Assessment Rates to the land area of benefited parcels located within the street influence zone along the improved streets. The 2008 resurfacing assessment rates as follows:

- \$0.42/sq ft – (Other) - Non-Residential
- \$0.13/sq ft – (Other) - Residential

Individual assessments of more than \$150 would be collected over 5 years beginning on the 2009 real estate tax statements with interest charged at the same rate as the City pays for selling assessment bonds. Individual assessments of \$150 or less would be collected in their entirety on the 2009 real estate tax statements. Information has been provided in the Notices as to how persons may prepay the special assessments in full without interest charges if they so choose. Typical residential lots within these resurfacing projects are in a price range of \$600 to \$800 for assessments.
