Each year, prior to imposition of any service charge, the city council will adopt by resolution an operating plan that describes with particularity the special services to be performed. Any physical enhancements to be installed by the District shall be maintained by the District, and to the extent they are not

maintained, the City shall have the right to remove them. The District shall not be obligated to maintain any physical enhancements installed by parties other than the District unless and until said maintenance is included in the adopted operating plan. The operating plan, and any amendments that may be made from time to time by subsequent resolution, is hereby incorporated into this ordinance. The special services to be furnished in the District may not include a service that is ordinarily provided throughout the City unless an increased level of the service is provided in the District. The special services described in the operating plan will be furnished by the Minneapolis Downtown Council, its subsidiary or an approved assignee (the "District Entity"), in accordance with a service agreement to be entered between the District Entity and the City. The service agreement provided for in this section is hereby exempt from the requirements of the following provisions of the Minneapolis Code of Ordinances: Section 18.200 (equal benefits provisions in contracts); Section 24.220 (prevailing wage); Section 139.50 (non-discrimination and affirmative action provisions in contracts); Chapter 423 (small and underutilized business enterprise program), provided, however, that when the District Entity seeks competitive bids for special services in the District, in addition to any other bids sought, it shall seek bids from, but not limited to, vendors on a list of small and underutilized businesses provided by the City. Further, the District Entity shall: (a) have a Modified Affirmative Action Plan that meets City Ordinance Section 139.50; (b) extend any benefits offered to its employees based on marital status to employees with domestic partners registered as such pursuant to Minneapolis Code of Ordinances: Section 142.30 and shall require its contractors and subcontractors to extend the same benefits to any of their employees providing services to the DID; (c) when seeking competitive bids for special services in the DID, seek bids from, but not limited to, vendors on a list of small and underutilized businesses provided annually by the City;. and (d) not apply the prevailing wage exemption to any construction work that requires funding from more than one year's assessment cycle.

465.30. Service charge. The city council hereby finds and determines that the annual costs of providing the services specified in section 465.20 hereof will provide benefits primarily to properties located within the District, rather than to the city as a whole, and that the costs of said services may be recovered by the city by the imposition of service charges to be assessed against properties located within the district pursuant to Minnesota Statutes, Sections 428A.01 through 428A.10, and as authorized by any applicable charter, special law, or statutory authority including Minnesota Statutes, Chapter 429, and Laws of Minnesota, 1969, Chapter 499.

465.40. Notice of veto power. Within five days after adoption of this ordinance the city clerk shall mail a summary of this ordinance to the owner of each parcel included in the district and any individual or business organization subject to a service charge. The Notice must meet the requirements of Minnesota Statutes, Section 428A.09.

465.50. Imposition of service charge; levy. The service charges shall be levied annually prior to November thirtieth upon properties within the District,

in an aggregate sum, which, combined with any property tax levied under section 465.60 hereof, will equal the estimated total costs of the city in providing the services referred to in section 465.20 for the next ensuing calendar year; provided, however, that service charges may be levied in the year 2010 for services rendered or to be rendered during the calendar years 2009 and 2010 and/or services rendered in 2009 may be invoiced by the City Finance Department in 2009 and then subsequently levied in 2010 for amounts not paid by property owners in 2009. Prior to imposing the service charges for each year, a public hearing shall be held with respect thereto at which all interested persons may appear and be heard. Notice of the public hearing shall be given as required by the applicable notice provisions of Minnesota Statutes, Chapter 428A. The notice of public hearing shall include:

(1) a statement that all interested persons will be given an opportunity to be heard at the hearing regarding a proposed service charge;

(2) the estimated cost of improvements to be paid for in whole or in part by service charges imposed under this section, the estimated cost of operating and maintaining the improvements during the first year and upon completion of the improvements, the proposed method and source of financing the improvements, and the annual cost of operating and maintaining the improvements;

(3) the proposed rate or amount of the proposed service charge to be imposed in the District during the calendar year and the nature and character of special services to be rendered in the District during the calendar year in which the service charge is to be collected; and

(4) a statement that the petition requirements of Minnesota Statutes, Section 428A.08 have either been met or do not apply to the proposed service charge.

(5) a statement that an owner may appeal an assessment of the service charge to district court including the procedure for appeal.

Within six months of the public hearing, the city may adopt a resolution imposing a service charge within the District not exceeding the amount or rate expressed in the notice issued under this section.

465.60. Assessment of service charges. Except as otherwise provided herein, the service charges imposed under sections 465.30 and 465.40 shall be assessed against parcels of real estate within the District in the manner and subject to the procedures provided in Minnesota Statutes, Sections 429.061, 429.071 and 429.081; provided that each assessment shall be payable in a single tax year. Within thirty (30) days after the adoption of the assessment, any person aggrieved may appeal to the district court by serving a notice of appeal upon the mayor or city clerk; provided that no appeal may be taken unless the person appealing shall have filed a signed, written, objection with the city clerk prior to the assessment hearing or shall have presented it to the presiding officer

at the hearing, unless a reasonable cause shall exist for such person's failure to do so.

465.70. Ad valorem property tax. The city may, in each calendar year, levy a tax on taxable property in the district based upon the assessed value of the property and such tax shall be assessed and collected in the same manner as other property taxes on property located within the district. The tax shall be levied at a rate that will raise an aggregate sum, which, when combined with any service charges levied in the District, will equal the total costs of the city in providing the services specified in this chapter for the next ensuing calendar year; provided, however, that taxes may be levied in the year 2010 for services rendered and to be rendered in the calendar years 2009 and 2010. Prior to the levy of such a tax a public hearing shall be held. The requirements for the public hearing and the notice of public hearing shall be the same as specified in section 465.40 with respect to the levy of special service charges, and the tax may be levied not later than six (6) months after the public hearing by a majority vote of all of the members of the city council.

For purposes of determining the appropriate tax rate, taxable property or value shall be determined under Minnesota Statutes. Property exempt from taxation by Minnesota Statute shall be exempt from such tax.

465.80. Revenue surplus or deficit. In the event that the cost of services rendered in the District in any calendar year exceed the total taxes and service charges levied and collected with respect to such calendar year, an amount necessary to recoup the excess costs shall be levied as taxes, service charges, or both within the next two years; to the extent that the total taxes and service charges exceed the cost of services, the next ensuing year's levy of taxes and service charges shall be decreased by a corresponding amount.

465.90. Limitation. Taxes and service charges may be levied pursuant to this chapter to finance special services ordinarily provided by the city only if the services are provided in the District at an increased level and, then, only in an amount sufficient to pay for the increase.

465.100. Petitions and notices. Petitions and notices required for hearings, petitions, or notices under this ordinance, and for the resolution setting any service charges, fees, or rates, shall be in compliance with any applicable petition and notice requirements imposed pursuant to Minnesota Statutes, Sections 428A.01 through 428A.10. Within five days of adoption of the ordinance or any resolution setting rates or fees, in accordance with Minnesota Statutes, Sections 428A.01 through 428A.10, a summary of the ordinance or resolution must be mailed to the owner of each parcel included in the District and any individual or business organization subject to a service charge in the same manner that notice is mailed under Minnesota Statutes, Section 428A.02. The mailing must include notice that owners subject to the service charge have a right to veto the ordinance by filing the required number of objections with the city clerk before the effective date of the ordinance or resolution and that a copy of

the ordinance or resolution is on file with the city clerk for public inspection.

465.110. Annual reports. During the term of the services agreement referenced in Section 465.20, the District Entity shall submit to the city finance officer as soon as practical after each calendar year end but prior to adoption of the next year's budget, an annual report of services activity and an independent audit of financial activity for each calendar year in which services are performed in the District.

465.120. Definitions and construction. The terms used herein shall be defined as provided in Minnesota Statutes, Sections 428A.01 through 428A.10 and said statute shall in all respects govern the creation, existence and operation of the District and the manner imposing service charges therein and this chapter shall be construed consistently therewith.

465.130. Notice to Commissioner of Revenue. Within 30 days after adoption of this ordinance, the city clerk shall send a copy of this ordinance to the Commissioner of Revenue.

465.140. Exemption of certain properties from taxes and service charges. Only property that is classified under Minnesota Statute section 273.12 and used for commercial, industrial, or public utility purposes, or is vacant land zoned or designated on a land use plan for commercial or industrial use and located in the district may be subject to the charges imposed on the District. Property exempt from taxation by Minnesota Statute section 272.02 is exempt from any service charges based on net tax capacity imposed under this ordinance.

465.150. Expiration of district. The District shall expire five years after the effective date of this ordinance unless it is renewed by following the procedure as set forth in Minnesota Statutes, Section 428A or as permitted by applicable law.

465.160. Effective date. This ordinance shall become effective forty-five (45) days from and after its date of publication in the official newspaper of the City of Minneapolis.
