**Background/Supporting Information Attached**

Over the past five years these selected political subdivisions and governmental organizations have all been partners with the department on key health initiatives, either as sole source providers or when awarded funding through other competitive processes. The specific amount for each contract for the five year period is based on history and expected need. As specific project funds become available, a Fund Availability Notice (FAN) can be issued without further Council action as long as the amount of the Master Contract is not exceeded.
