**SUBJECT: SP 141-090-16, TEAX 2704(044)  
Segment B and D Loring Bikeway  
Agency Agreement No. 87846**

Dear Ms. Malmberg:

Attached are three copies of the agency agreement between the City of Minneapolis and Mn/DOT, which allows for Mn/DOT to act as the City's agent in accepting federal aid in connection with the above referenced project.

This agreement is for Advance Construction. Because the Federal Transportation Bill TEA-21 expired on October 1, 2003 and a new bill has not yet been passed, there is a gap in the amount of money actually available for construction in federal fiscal year 2005. This agreement allows you to proceed with your project and to be reimbursed with federal funds when they are available. There is some risk that the federal funds may never become available. Your agency will need to decide to execute this agreement and proceed with the project or to delay the project until federal funds are available.

Please review and if approved, have all three copies signed. A Council resolution similar to the example attached, must be passed. The certified resolution should then be placed as the last page in **each** of the three copies of the agreement. Please verify that the person/title authorized to sign as stated in the resolution, corresponds to the signature (person/title) on the signature page. Please return all three copies of the agreement to me for Mn/DOT signatures. A fully executed copy will be returned to you.

If you have any questions or need any revisions, please feel free to contact me at 651.282.6479.

Sincerely,

A handwritten signature in blue ink, appearing to read "Lynnette Roshell".

Lynnette Roshell, PE  
Project Development Engineer
