Review and Coordination - The Unified Grants Process

In 1972, the Minneapolis City Council passed a resolution directing the City Coordinator to create an integrated consolidated grant and general revenue financial aid process for the City of Minneapolis. In 1978, the City Council acted to require any City or MCDA department seeking private grant funding to obtain prior City Council authorization. In 1985, 1988, and again in 1998, the City Council directed the City Coordinator to develop and administer specific procedures regarding applications. The Park Board and the Library Board have been requested to participate. Call the Office of Grants & Special Projects (673-2032) with questions about the Unified Grants Process.

Process

All Grant Applications must be reviewed by the Grants Office (prior to the Ways & Means Agenda Setting if Council action is required).

Grant Applications require Council approval only if:

1. More than one Department is applying for the same funds and prioritization is required, (or)
2. Grant request exceeds \$250,000, (or)
3. Grant requires any local cash match, (or)
4. Grant requires new hiring to implement the project, (or)
5. The project, if funded, would require an expectation for the City to continue the funding, (or)
6. The application appears to be inconsistent with the City's Annual Budget, Comprehensive Plan, Consolidated Plan, etc., (or)
7. The application includes controversial or unclear elements.

ALL grant awards must be formally accepted by the City Council.

Department Responsibility

1. Prior to application, provide the Grants Office with a brief Narrative and Budget.
2. Assist the Grants Office staff in completing the Grant Review Form.
3. Include the Grant Review Form with any Council action.
4. Notify the Grants Office when the grant is denied or approved and, if approved, the final amount awarded.
