Deliver pre-employment drug and alcohol testing related services in accordance with applicable laws and as described in the contract between the vendor and the City. 2. Follow applicable laws and regulations. 3. Ensure job applicants consent to pre-employment drug and alcohol testing.

PROCEDURES FOR CONDUCTING PRE-EMPLOYMENT DRUG & ALCOHOL TESTING FOR NEW HIRES

The procedures outlined below determine the process for conducting pre-employment drug and alcohol testing for all positions under the jurisdiction of the Mayor and City Council. Pre-employment drug and alcohol testing will be conducted for all job applicants who have received a conditional job offer.

- I. **Who is Subject to Pre-Employment Drug & Alcohol Testing** - Pre-employment drug and alcohol testing is required for all job applicants who receive conditional job offers for positions under the Mayor and City Council. Job Applicant means a person, independent contractor, or person working for an independent contractor who applies to become an Employee of the Employer and includes a person who has received a job offer contingent on the person passing drug and alcohol testing. Job Applicant also includes, but is not limited to, an individual who applies for a temporary position, including a permit position. A job applicant, under this policy, does **not** include a current employee applying for or expressing an interest in another position in the City.
 - A. **New Hires** – All job applicants prior to beginning employment with the City of Minneapolis are subject to pre-employment drug and alcohol testing. New hires are prohibited from beginning employment until:
 1. A conditional job offer has been given by the hiring authority;
 2. A valid sample with a certified result has been provided;
 3. The Medical Review Officer notifies the HR Department that a pre-employment drug and alcohol test has been passed.
 - B. **Positions Covered** – Appointments to all appointed, classified and temporary positions are subject to the Pre-Employment Drug & Alcohol Testing Policy.
 - C. **Positions Not Covered** – Election Workers, Student Interns, Summer Youth Workers and Elected Officials are not subject to the Pre-Employment Drug & Alcohol Testing Policy. Pre-employment drug and alcohol testing will not be done for independent contractors unless they apply to become an employee of the City and have received a conditional offer of employment to an appointed, classified or temporary position.

II. PROCEDURES FOR TESTING

- A. **Notification Form** - Before requesting a job applicant to undergo drug and alcohol testing, the hiring authority shall provide the individual with a form on which to (1) acknowledge that the individual has seen a copy of the City of Minneapolis *Pre-Employment Applicant Drug and Alcohol Testing Policy*, and (2) indicate consent to undergo the drug and alcohol testing.
- B. **Laboratory** - The City shall use the services of a testing laboratory which meets the criteria established by the [Minnesota Drug and Alcohol Testing in the Workplace Act](#) pertaining to testing laboratories; however, no test shall be conducted by a testing laboratory owned and operated by the City.
- C. **Testing** - Testing shall be performed in accordance with the [Minnesota Drug and Alcohol Testing in the Workplace Act](#).

III. PROCEDURES FOR HIRING AUTHORITIES AND HUMAN RESOURCES STAFF

- A. Upon receipt of a requisition in HRIS from the hiring authority, HR staff will:
 1. **Job Posting** – Include statement on job posting that indicates that all job applicants who receive a conditional offer of employment will be required to pass a pre-employment drug and alcohol test. Applicable job postings must contain a notice substantially as follows:

“All job applicants must pass a pre-employment drug and alcohol test once a conditional offer of employment has been made. Applicants will be required to sign a notification and consent form prior to undergoing drug and alcohol testing. Applicants who do not consent to undergo drug and alcohol testing will not be required to do so and the City will withdraw the conditional job offer resulting in the job applicant no longer being considered for the position.”

This statement will also be presented in writing to potential temporary employees before the City hires them.

The failure of a job posting to include a notice of a pre-employment drug and alcohol test shall not preclude the City from conducting these tests.

2. **Classified Positions** - HR Associate (HRA) certifies names to the hiring authority in accordance with applicable Civil Services Rules and labor agreements and includes the Hiring Authority’s Checklist for Pre-Employment Drug and Alcohol Testing. (See Appendix C)
 3. **Appointed Positions (If applicable)** - HRA refers names to the hiring authority and includes the Hiring Authority’s Checklist for Pre-Employment Drug and Alcohol Testing.
 4. **Temporary Positions (If applicable)** - HRA refers names to the hiring authority and includes the Hiring Authority’s Checklist for Pre-Employment Drug and Alcohol Testing.
- B. Hiring authority interviews job applicant(s), makes selection decision and makes conditional job offer contingent upon the job applicant 1) providing a valid sample with a certified result and 2) passing a pre-employment drug and alcohol test. (**Note:** If an employment background check is required for the position, all background checks must be completed prior to the conditional job offer being extended. For more information see the [City of Minneapolis Background Check Procedures.](#))
- C. The hiring authority will first verbally talk to the job applicant and then email or fax the following information to the job applicant:
1. Pre-employment Drug and Alcohol Testing Policy; (See Appendix A – Need Entire Policy)
 2. Notification and Consent Form for Pre-Employment Drug and Alcohol Testing (See Appendix B); and

Hiring authority documents the exact time of the conditional job offer and job applicant’s willingness to take the test.

After completing the above, the hiring authority completes the Pre-Employment Drug & Alcohol Testing and Referral Pre-authorization form (See Appendix H) and sends (preferably via email) the completed form (or fax) a Medical Referral and Pre-authorization form to the [MRO \(OMC\)](#) (Fax: 952.928.9006) and copy the [HRSSA](#) (Fax: 612.673-2508) in the HR Department and [Alpha Review](#) (Fax: 630.305.8199)

The HRSSA will authorize payment of the Pre-Employment Drug and Alcohol Testing through Alpha Review and copy the HR Generalist (HRG) and the hiring authority.

Once the job applicant has confirmed their willingness to take the test, the hiring authority will inform the job applicant that they must:

1. Take the test within 24 hours from the time of the conditional job offer.

2. Present government issued photo identification to the collection site. The job applicant is informed that they have 24 hours to appear at the clinic, participate in the test and failure to do so will result in the City withdrawing the conditional job offer.
- D. The HRSSA (or designee) monitors and reviews Alpha Review web database for payments and disputes.
 - E. When a positive test result occurs, the job applicant will be contacted by the MRO and be given the opportunity to submit information explaining the positive test result. This explanation could include an indication that the job applicant is currently taking (or recently taken) over the counter or prescription medications and any other information relevant to the reliability of, or explanation for, a positive test result. This information must be reported within three (3) working days after notice of a positive test result.
 - F. Within 24 hours of the testing, a negative test result is reported to the HRSSA in Employment Services via email. The HRSSA will notify the appropriate HRA of the negative test result who in turn will notify the Hiring Authority.
 - G. Within three (3) working days of the receipt of the test results from the MRO, the HRA sends a Post Testing Notification of Rights letter (See Appendix E) to the job applicant by U.S. Mail (**Note:** This applies to **both** positive and negative test results.) The letter must explain to the job applicant:
 1. Certain test results – A negative test result on an initial screening test or of a negative or positive test result on a confirmatory test.
 2. That they have a right to request and receive from the Employer a copy of the test result report.
 - H. Positive test results are reported via email to HRSSA. The HRSSA will provide the information to the appropriate HRA. The HRA then notifies job applicant in writing that the conditional job offer is being withdrawn with copy of letter to appropriate HR Generalist Team member and the hiring authority. (See Appendix F) A copy of the letter is filed in a secure location in the Employment Services Division of the HR Department and retained in accordance with applicable [City Records Retention policies](#) (Series Code HRS-4-02).
 - I. Job applicants that test positive or do not supply a valid sample with a certified result will be removed from the eligible list and will need to reapply to be considered for future employment opportunities with the City.

IV. RETENTION/ACCESSIBILITY OF PRE-EMPLOYMENT DRUG & ALCOHOL TESTING RECORDS

The HR Department shall maintain records and related documents compiled by the City on individuals in response to pre-employment drug & alcohol testing. The [City's Records Retention policies](#), the Minnesota Government Data Practices Act, and applicable Federal and State laws shall govern the storage, use and dissemination of such records. Where the use of such records are not addressed by the foregoing standards, the use and dissemination of such records, such as their availability to hiring authorities, shall be within the discretion of the HR Director or designee. The retention period assigned to these records and the Minnesota Government Data Practices Act classification are identified in the General Retention Schedule.

V. OTHER PROCEDURES

Other procedures in implementing this policy must comply with the [Minnesota Drug and Alcohol Testing in the Workplace Act](#).

Appendix A - Pre-Employment Drug & Alcohol Testing Policy Statement

- POLICY STATEMENT** - Abuse of drugs and alcohol is a nationwide problem. It affects persons of every age, race, sex and ethnic group. It poses risks to the health and safety of employees of the City of Minneapolis and to the public. To reduce those risks, the City adopts this policy concerning drugs and alcohol in the workplace. The [City of Minneapolis Pre-Employment Drug & Alcohol Testing policy](#) (Make hyperlink to policy on City Talk) establishes standards concerning drugs and alcohol which all job applicants must meet.

The [City of Minneapolis Pre-Employment Drug & Alcohol Testing policy](#) is intended to conform to the provisions of the [Minnesota Drug and Alcohol Testing in the Workplace Act](#) (Minnesota Statutes, §§ 181.950 to 181.957), as well as the requirements of the federal [Drug-Free Workplace Act of 1988](#) (Public Law 100-690, Title V, Subtitle D) and related federal regulations.

The Human Resources Director is directed to develop and maintain procedures for the implementation and ongoing maintenance of this policy and to establish testing procedures to ensure that the standards listed in this policy are met.

Appendix B - Notification and Consent Form for Pre-Employment Drug & Alcohol Testing

**NOTIFICATION AND CONSENT FORM FOR
PRE-EMPLOYMENT DRUG AND ALCOHOL TESTING
Data Practices Advisory: Minnesota Statute §13.04, Subd. 2**

I acknowledge that I have seen the City of Minneapolis Pre-employment Drug and Alcohol Testing Policy. I hereby consent to undergo drug and alcohol testing pursuant to said policy, and I authorize the City of Minneapolis through its agents and employees to collect a breath and/or urine and/or blood sample from me for that purpose.

I understand that the procedure employed in this process will ensure the integrity of the sample and is designed to comply with medicolegal requirements.

I understand that the results of this drug testing may be discussed with and/or made available to the City of Minneapolis. I further understand that the results of this testing may affect my job offer as described in the policy.

The purpose of collecting a body component sample of breath, blood, or urine is to test that sample for the presence of drugs and alcohol. A sample provided for drug and/or alcohol testing will not be tested for any other purpose. The name, initials and social security number of the person providing the sample may be requested so that the sample can be identified accurately but confidentially. Information about medications and other information relevant to the reliability of, or explanation for, a positive test result is requested to ensure that the test is reliable and to determine whether there is a valid medical reason for any drug, alcohol, or their metabolites in the sample. All data collected, including that in the notification form and the test report, is intended for use in determining the suitability of the job applicant for employment. The job applicant may refuse to supply the requested data; however, refusal to supply the requested data may affect the job applicant's job offer.

A Medical Review Officer may only disclose to the City of Minneapolis test result data regarding presence or absence of drugs, alcohol, or their metabolites, in a sample tested. The City of Minneapolis or laboratory may not disclose the test result reports and other information acquired in the drug testing process to another employer or to a third party individual, governmental agency, or private organization without the written consent of the person tested, unless permitted by law or court order. Evidence of a positive test result on a confirmatory test may be: (1) used in an arbitration proceeding pursuant to a collective bargaining agreement, an administrative hearing under Minnesota Statutes, Chapter 43A or other applicable state or local law, or a judicial proceeding, provided that information is relevant to the hearing or proceeding; (2) disclosed to any federal agency or other unit of the United States government as required under federal law, regulation, or order, or in accordance with compliance requirements of a federal government contract; and (3) disclosed as required by law, court order, or subpoena. Positive test results may not be used as evidence in a criminal action against the applicant tested.
