

**Request for City Council Committee Action  
From the department of Public Works and Purchasing**

Date February 1, 2002

To Transportation and Public Works Committee  
Referral to Ways and Means Committee

Prepared Gary Warnberg Director, Purchasing

Approved by David J. Sonnenberg City Engineer/Director Public Works  
*David J. Sonnenberg*

Subject Official Publication No. 5428 - Bids for Geosynthetic Clay Liner System

Presenters in Committee David J. Sonnenberg City Engineer/Director Public Works

**Recommendation**

We wish therefore to recommend an increase to Contract Number C00-15593 with Veit & Company in the amount of \$53,671.63 for a new estimated expenditure of \$ 207,271.63 to furnish and install a Geosynthetic Clay Liner System at the 60<sup>th</sup> Avenue Holding Pond Project.

Due to unforeseen circumstances, such the quantity of clay liner needed along the bottom of the pond was higher than originally estimated, several large trees were saved from removal, which in turn causes changes to the holding ponds layout, also several large tree stumps were discovered during the installation of the liner, which had to be removed to prevent them from perforating the liner over time.

All terms and conditions remain the same.

**Financial Impact** (Check those that apply)

- No financial impact (If checked, go directly to Background/Supporting Information)
- Action requires an appropriation increase to the Capital Budget
- Action requires an appropriation increase to the Operating Budget
- Action provides increased revenue for appropriation increase
- Action requires use of contingency or reserves
- Other financial impact (Explain): Action is within Budget
- Request provided to the Budget Office when provided to the Committee Coordinator

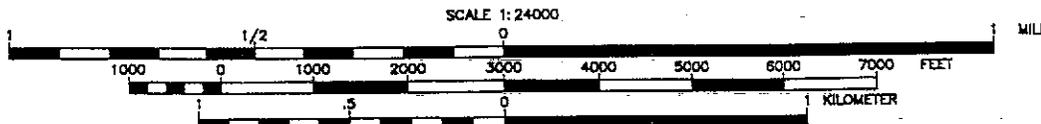

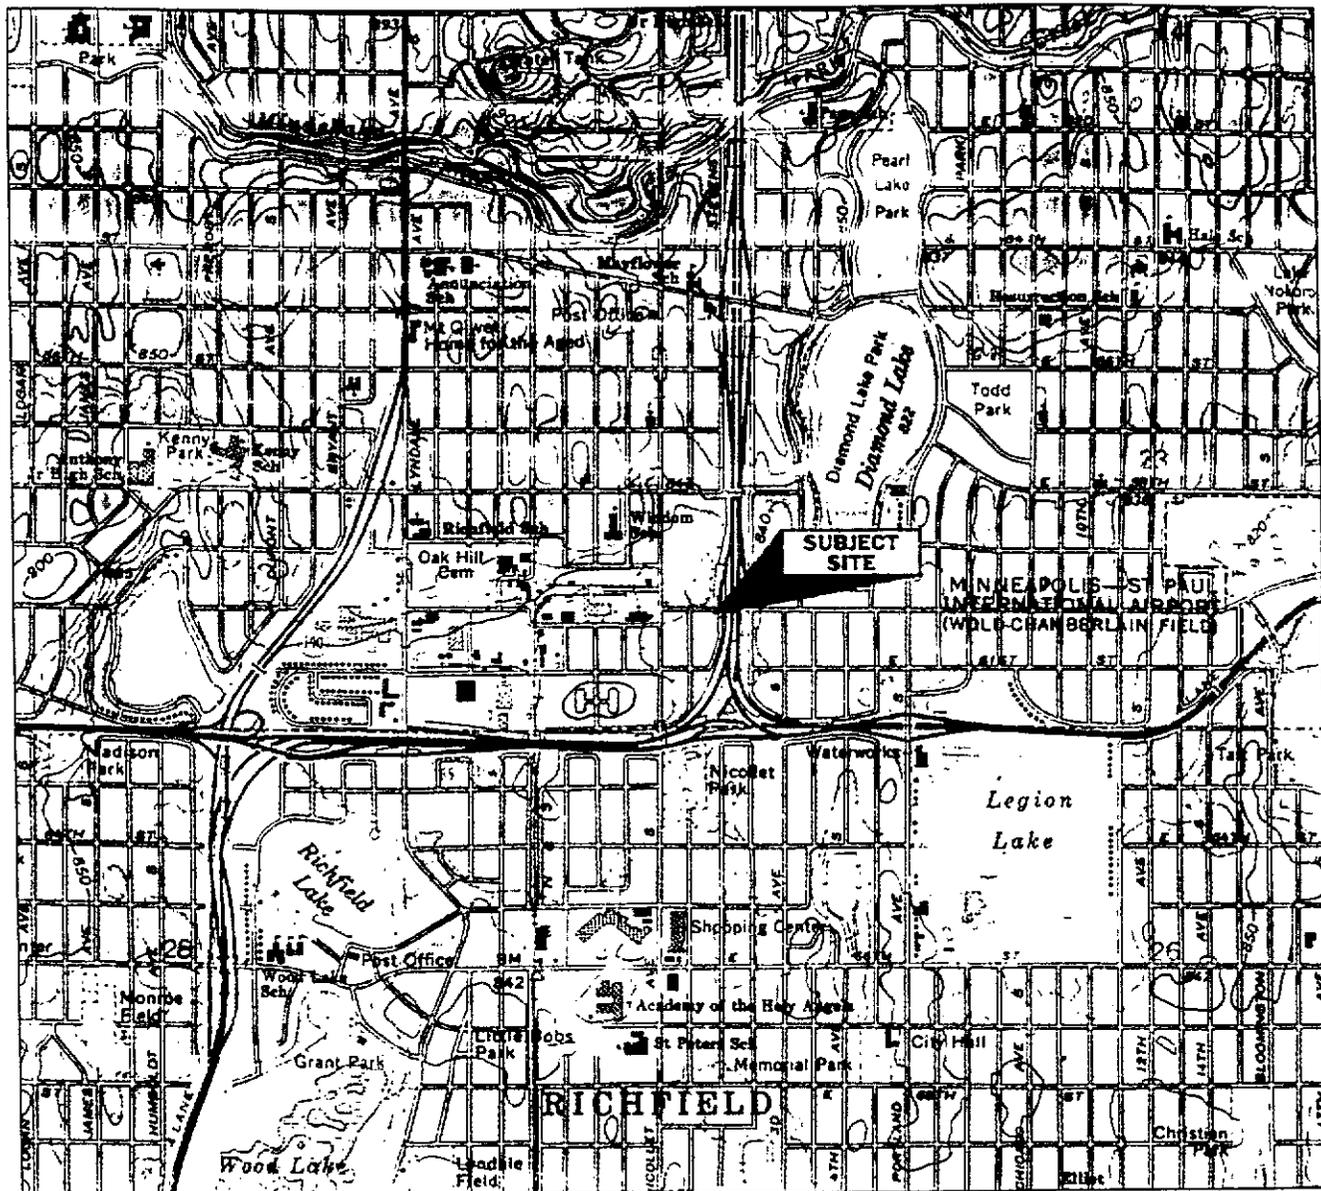

**Background/Supporting Information**

In a Council Action of June 23, 2000, award was made to the low bidder of Veit & Company to furnish a Geosynthetic Clay Liner System.
