Recommendation

The MPD and BIS request approval to build a Safety solution for the 4th Precinct geographical area of Broadway/Lyndale, Lyndale/Lowry, Lowry/Penn and Penn/Broadway. There are three deliverables that will build this core system that include:

- 1) (50) Safety Camera's (create a grid) around geographical area
- 2) Integration with current building camera system
- 3) Shot Spotter integration into Safety Camera's

The goal is to have a world class system in this problem crime area; we will evaluate the return on investment that will include 1. Reduction of crime; 2. Response increase to incidents; 3. Better use of resources (dispatching); 4. Cost.
