FROM: Steve Mosing
RE: OP 7316, Marking Tape sole bid

Cheryl:

This letter provides justification for accepting the sole bid from Groove Tech of MN Inc., for the completion of roadway marking tape installation as part of OP 7316. We have received a sole bid for this work in the past. We have also seen occasions when only two bidders have responded.

There are several potential bidders out there, but I don't know why they did not respond.

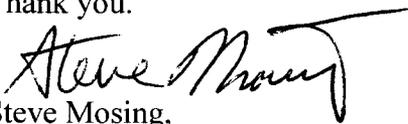

Public Works Bids this type of work out about every two years. The unit bid prices in OP 7316 are slightly less than the matching unit prices received from a bid in August of 2008, when 3 bids were received.

Also, some of the work identified in this contract is for the purpose of installing lane markings as part of the City's NTP Bike Operations Project, and Mill and Overlay Projects. Accordingly, the need to get this work done is immediate.

I would recommend that the City accept the sole bid received from Groove Tech of Minnesota Inc.

If you need anything further from me on this, please give me a call.

Thank you.
