## **Background/Supporting Information**

Standard Sidewalk, Inc. has completed sidewalk contract work (namely, Sidewalk Repair Notice work, reimbursable by special assessments) for the 2010 construction season. The final amount of work, as directed by Public Works, has resulted in invoices for this work in excess of the original contract amount.

The original contract amount was based upon bid prices and the contract estimated quantities. As the work progressed, the work ordered by the Sidewalk Inspectors resulted in actual quantities that were in excess of the original estimates. The proposed amended contract amount is based upon those actual quantities and resultant costs. Funds are available in: 04100 9010939 2010 SWK01 (Sidewalk Special Assessments), and no additional appropriation is required.
