GENERAL INFORMATION

Dunwoody Apartments is a proposed substantial rehab of an existing 4-story hospital building, originally constructed in 1910. The building is currently vacant, but originally housed the first Abbott hospital in Minneapolis, and is in the process of being listed on the National Register of Historic Places. Once rehabilitated, the building will contain 123 rental apartments, including studio, 1BR, and 2BR units.

Gateway Commons, LLC acquired the site in 2005 and has been working to stabilize the building and secure historic tax credits. The project has received its Part II approval from the National Park Service. The building is also expected to include space for 1-2 commercial tenants, along the East 18th Street frontage.
