Background/Supporting Information:

On April 29, 2011, the City Council designated the location, streets and improvements proposed to be made in the 49th Av N neighborhood area. A cost estimate of \$412,240 was submitted for the 49th Av N Street resurfacing work. The funding for this project is the Infrastructure Acceleration Program and special assessments.

The location of the street resurfacing project is 49th Av N from Xerxes Av N to approximately 250 ft west of the west right-of-way line of Humboldt Av N (to the bridge over Shingle Creek). 49th Av N at this location is MSA Route No. 263.

The street resurfacing would be a mill and overlay of the street surface with plant mix asphalt and other paving related improvements as needed. This paving project is scheduled for this summer or fall and will be constructed by the City's workforce.

The street resurfacing special assessments were determined by applying the 2011 Uniform Assessment Rates to the land area of benefited parcels located within the street influence zone along the improved streets. The 2011 resurfacing assessment rates as follows:

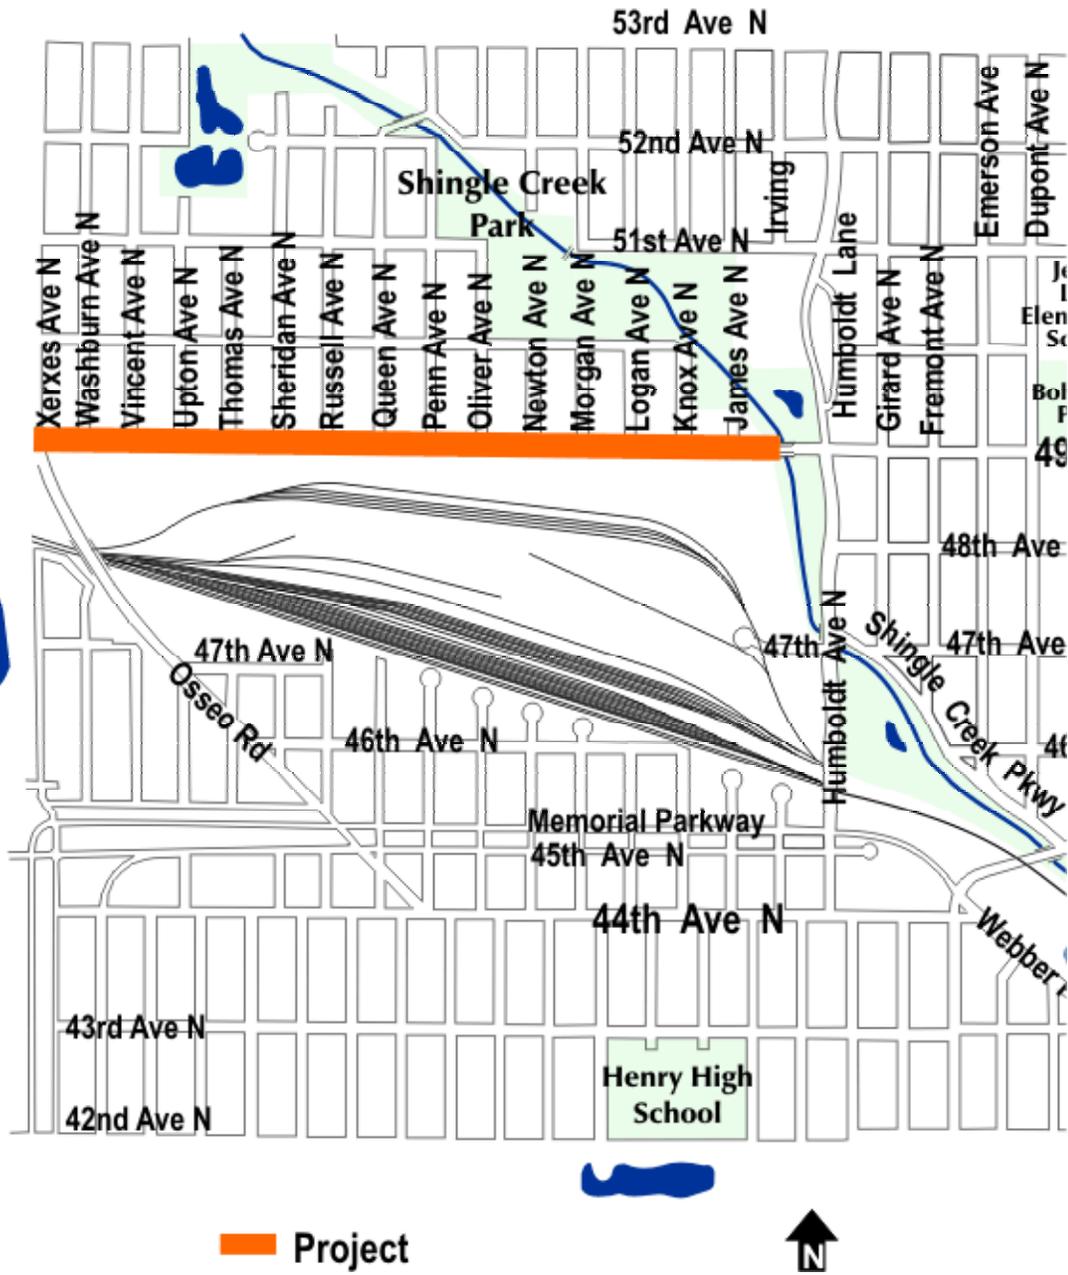

\$0.52 /sq ft – Non-Residential
\$0.20 /sq ft – Residential

The proposed total assessment amount for the 49th Av N project is \$383,321.81. Individual assessments of more than \$150 would be collected over 5 years beginning on the 2012 real estate tax statements with interest charged at the same rate as the City pays in interest for selling assessment bonds. Assessments of \$150 or less would be collected in their entirety on the 2012 real estate tax statements with interest charged at the same rate as the City pays in interest for selling assessment bonds. Information has been provided in the Notices as to how persons may prepay the special assessments in full without interest if they so choose.

City Council has passed resolutions whereby a deferment of a special assessment may be obtained by showing hardship for any homestead property owned by a person 65 years of age or older or retired by virtue of a permanent and total disability.
