No financial impact (If checked, go directly to Background/Supporting Information).

Background/Supporting Information Attached

The Minneapolis Public Health Advisory Committee (PHAC) is a 22-member advisory committee for the Minneapolis Department of Health & Family Support (MDHFS) and the City Council. The role of the PHAC is to advise the Council and the Department on policy matters affecting the health of Minneapolis residents, and to serve as liaisons between the City and the community in addressing health concerns. Fourteen members are appointed directly by Council Members and the Mayor, and the additional eight professional and community representatives are approved by the Council. Each member serves a two year term.
