Dear Ms Stern,

Thank you for coming to our May meeting with information on the impending sale of the St. Anthony Main parking ramp, currently city-owned. We were pleased to learn that the owners' group from St. Anthony Main has made a proposal. In view of their commitment to continue the operation of the structure as a parking ramp, the Marcy-Holmes Neighborhood Association supports the sale to the local business group consisting of John Rimarcik, Ira Heilicher and John Cuningham. We look forward to working with this group to make this a viable proposition so the badly needed parking will continue to be available in our neighborhood.

Sincerely,

Jo Radzwill
