

May 22, 2007

BUSINESS LICENSE OPERATING CONDITIONS FOR:

**D & L Thibodeaux LLC
DBA Top Diner
Linda and Darryl Thibodeaux
4330 Lyndale Ave. N
Minneapolis, MN 55412**

Your Restaurant and Catering Licenses, if granted, will be based on the following conditions:

1. A self-audit program will be conducted for a period of 3 months. A weekly completed checklist will be faxed to our office on Monday of each week – the fax number is 612 673-2635. The self-audit program started on May 8, 2007 and will end with the last report to be faxed in on August 13, 2007.
2. As per Minneapolis Code of Ordinances 188.550: All persons licensed to operate a food establishment under this chapter shall at all times employ at least one full time person with supervisory responsibilities (which may be the licensee) who (1) spends a substantial amount of his/her work week at that food establishment, and (2) who has a current food manager certificate. The licensee shall notify the city when the certified person leaves or terminates employment with the food establishment. A food establishment that no longer employs a certified manager shall employ a certified manager within thirty (30) days.
3. When the certified food manager is not present, there must always be a trained “Person in Charge” on site. This person must be trained by the certified food manager and must be able to demonstrate knowledge on food safety procedures, sanitation and all related practices.
4. An unscheduled routine inspection will be conducted prior to the end of the self-audit monitoring program. It is expected that there will be no more than 2 critical violations and no more than 4 regular violations. If there are critical violations, they must be abated on site and any regular violations (if they do not exceed 4) must be abated by the next inspection. Fines will be assessed for repeated/unabated violations.
5. The trash pickup must be scheduled so as to avoid having overflowing dumpsters. You must monitor the trash area to be sure covers are closed and the area around the dumpsters is cleaned and maintained.
