Background/Supporting Information

The current project budget for the New Central Library includes \$750,000 for Public Art. On 9/18/02 the Minneapolis Arts Commission approved the Proposed Workplan for Public Art for the New Central Library. On 10/10/02 the New Central Library Implementation Committee established a public art subcommittee to determine the need, process and implementation of a public art process for the new Central Library Project. On 3/18/03 the public art subcommittee chose seven potential sites for public art in the New Library and approved an artist selection process that called for issuance of an RFP for lead artists for each site. The City Council approved issuance of the RFP on 4/14/03.

The Public Art subcommittee reviewed the 153 responses received to the RFP and selected 21 semifinalists on 7/18/03. On 8/18 - 8/19/03, the semifinalists were interviewed and eight artist/artist teams were unanimously selected including two local artists. The New Central Library Implementation Committee approved the selection of the eight artist teams on 9/9/03.

On 11/18/03, an open house was held so that the public could view the preliminary designs developed by the selected artists. Over 100 people attended the open house and provided feedback. The public art subcommittee subsequently approved the final designs for six of the seven sites on 1/24/04.

Ta-coumba Tyrone Aiken was selected as the artist for the 4th floor fireplace. An art conservator has been retained by the Project and is advising on maintenance and related issues. On January 14, 2005 the Council Council approved authorization to execute a contract with Ta-coumba Tyrone Aiken not to exceed \$25,000. The contract has not yet been executed. The process of fabricating the mosaic to be installed above the 4th floor fireplace has been modified to enhance the permanence of the artwork. The design will be painted on ceramic tiles rather than using an inkjet process. In addition, the artwork will now cover four rather than three sides of the fireplace. As a result, the fabrication and installation budget for the artwork has been increased by \$10,000 and we are returning to your committee to request authorization to execute a contract not to exceed \$35,000.00.

Richard Johnson will be present at your committee to answer questions.
