**Financial Impact (Check those that apply)**

X No financial impact (If checked, go directly to Background/Supporting Information).

**Background/Supporting Information Attached**

The Department is requesting to amend the revenue contract with Hennepin County, through its Human Services and Public Health Department, to allow the City to continue to provide public health laboratory services for the County and to receive payment for services. The contract is for a four year period, with funds for each year added annually. The County is projecting to provide up to \$232,750 for 2009. The revenue to be received under this contract is already part of the projected lab revenues in the department's 2009 budget.
